Lubripedia

A 1001 Concise Illustrated Encyclopedia Reference of all Things Lubrication

Author: Kenneth E. Bannister, Canada

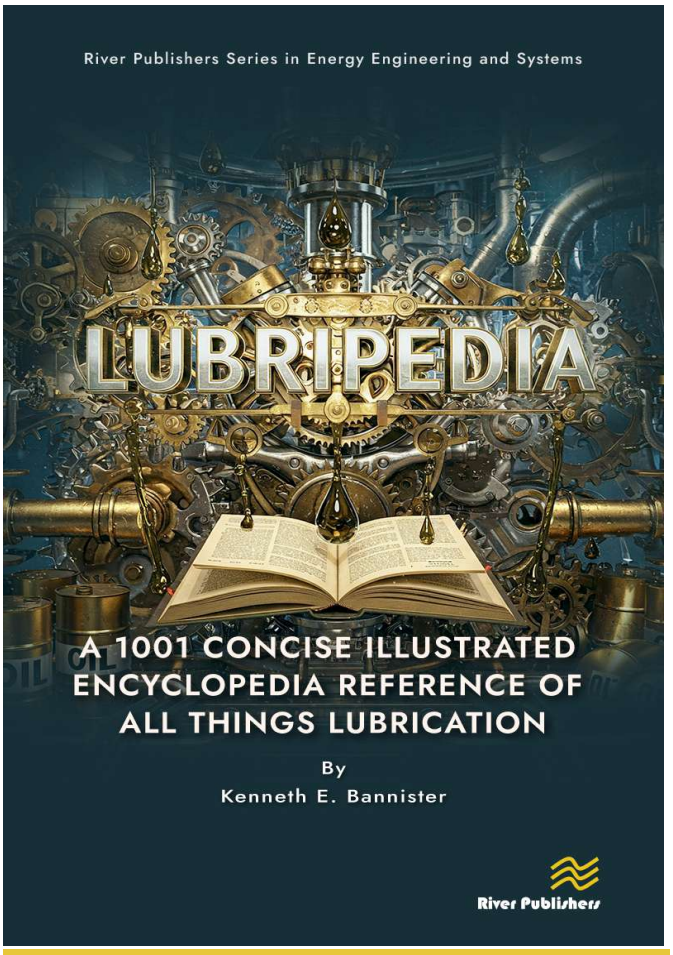

Your journey to lubrication mastery begins here. Welcome to Lubripedia, the most comprehensive, authoritative, and practical single-source reference on industrial lubrication ever published. With hundreds of carefully organized, easy-to-understand entries, this A-to-Z encyclopedia covers every aspect of lubrication from additives and base oils to wear mechanisms and zero-wear lubrication. Whether you are an engineer, maintenance manager, technician, or student, this is your go-to resource for mastering the science and art of practical lubrication.

Covering 1001 essential lubrication terms and references, this book delivers clear, concise definitions and detailed explanations of concepts, systems, contamination control, wear mechanisms, and industry standards. It is packed with real-world applications, troubleshooting tips, and best practices that can help you implement effective lubrication programs and improve operational efficiency. Learn how to select the right lubricant, optimize lubrication intervals, and enhance machinery reliability. You can also explore cutting-edge technologies like nano-lubricants, advanced additive chemistry, and condition-based lubrication.

Lubripedia is first and foremost, a practical reference. It is written by Kenneth E. Bannister, an internationally acclaimed lubrication and asset management expert. It is built on decades of hands-on experience, extensive research, and proven methodologies. The easy-to-follow explanations make even the most complex concepts simple to understand and apply. This is your essential guide to mastering lubrication technology and achieving maintenance excellence.

TABLE OF CONTENTS

- A - Lubrication terms and references beginning with the letter A
- B - Lubrication terms and references beginning with the letter B
- C - Lubrication terms and references beginning with the letter C
- D - etc..
- Z - Lubrication terms and references beginning with the letter Z

River Publishers Series in Energy Engineering and Systems

ISBN: 9788770041409
e-ISBN: 9788770041102
Available From: December 2025
Price: $ 150.00

KEYWORDS:
Lubripedia, lubrication terms, lubrication references, encyclopedia, dictionary, glossary, lubrication, lubricants, oil, grease, practical lubrication, tribology, industrial lubrication, lubrication engineering, lubricant analysis, lubricate
